

NAME. : Sona Vishali Balraj
COURSE : B.SC.Nursing
BATCH : 2014 to 2018
PLACED IN : MIOT INTERNATIONALS, Chennai
DESIGNATION : Ward Incharge

Hi, It gives me great pleasure to say with pride that I have completed my undergraduate degree in B.SC.Nursing from Jennys College of Nursing (JCON). The relationship between the students and the faculties is cordial, which gives an opportunity to excel in our area of interest. The four years spent here were splendid and has helped me to grow better professionally and personally. Each year we got moulded into what we are today. I've felt at home at JCON from the start and I'm happy I made the decision to come.

I have witnessed our skill and competence rising to a zenith. The learner centered environment crafted here, not only trained us in the academic curriculum but also motivated us. The curriculum is up to date. The faculties are determined, experienced and helpful. We had an good infrastructure, library and Labs which are well equipped for each specialities. Various workshops, clubs and fests were happening which brings our inner talent.

In the working field, students who have passed out of JCON shines apart from others. Currently I am working in MIOT Hospitals in chennai, initially I was very afraid of the working environment, but it was really easier than I imagined, which I need to thank our college again for their guidance and encouragement. What we learn here will really be helpful in our work. Now I have been promoted as Incharge in only 3 years, which proves the worth of our institution. I owe a lot to JCON, which is my second home, which will take a special place in my heart and life. Actually I'm a shy person, but my fears have been shattered here. I would like to thank Jennys College Of Nursing, our Principal Mam, all the faculties and staff for making me a "**BETTER PERSON**".

BY,
